

CHATEAU QUEEN-GENOA-NEW ORLEANS-NOV-30-1895-500 SOULS

This list is numbered so that it is misleading. #200-to #300 skipped at least one hundred names. . Total tax paid at Port was for 562 passengers. I copied all pages and found only 460 names. Some pages of this manifest may have been destroyed. The names on this list were very hard to copy. I hope you can look at all versions of each name and find your surnames. Note: It is a worthwhile effort to get copies of the actual records, from which these charts are derived. In addition to the information provided in the lists, you will often find other interesting notes such as, after 1900, next of kin, addresses, sometimes description of each passenger. Most of this information has not been copied to these lists as it would take far too long to decipher this hard to read material. You can also verify and/or correct any mistakes made in the translation and recording of the records.
