

## La venganza de los nerds (Spanish Edition)

¿Puede un nerd, introvertido y tímido convertirse en Gerente General de una gran empresa? ¿Y si le piden que hable ante miles de personas? La timidez, la introversión, ¿es un problema o un atributo que te puede hacer más exitoso? En el mundo hay más introvertidos que extrovertidos. Sin embargo, estos últimos suelen ser quienes ocupan los puestos de liderazgo más reconocidos. Pero este paradigma está cambiando con nuevas formas de comunicación y de management. Este libro comparte la transición de una adolescencia solitaria a un perfil de liderazgo colaborativo y visionario. Además del recorrido en sí, que es contagioso para cualquier persona tímida, ofrece cientos de sugerencias prácticas para comunicarse mejor. ¿Es un libro de autoayuda? En cierta forma sí, porque da una visión positiva e ideas para ser más feliz. ¿También una autobiografía? Claro, está escrito en primera persona y basado 100% en experiencias reales. ¿Pero está en la categoría Habilidades de Management! Sí, porque es el libro que me hubiera gustado leer cuando quise animarme a hablar en público. Concreto, claro, y humano. En esta oportunidad, ofrecemos la edición revisada a 2013 de este libro.
