

Sams Christmas Wish

Sam Edwards isnt looking forward to Christmas, at least not this year. Since losing his job six months before, he hasnt had any luck in finding a new one. He isnt sure how he can give his family a merry Christmas, and the last thing he wants is charity from his neighbors. But when he falls asleep in his living room with his shotgun across his lap just to make sure no one attempts to visit him he wakes up to find out who left the presents, the freshly fallen snow reveals no footprints. Years later, Sams wife has passed away and his children are grown. Old and sick, Sam remembers the kindness of the anonymous stranger from long ago and wishes for an opportunity to bless anothers life. So on Christmas Eve, when he sees his neighbors house on fire, he hopes that he can be the means for another anonymous miracle. Sams Christmas Wish is a story of love, service, and sacrifice. It is one mans realization that Christmas is not just an event, but a spirit that can transform the lives of many.
