

Special Report # 15: Developing Intimacy Between Men: A Guide for Bi, Gay and Same Gender Loving Men (Kyle Phoenix Presents)

You want to be close to that special man but he doesn't know how. Or worse, you don't know how! What to do? In this insightful guide, you'll find specific exercises and directions for how to break the ice, get a conversation going, get to know a man, give and receive and share your inner self with him in non-threatening ways. Don't let chemistry wane because you didn't know how to open yourself up to a deeper connection, instead take some time and learn how to develop intimacy. Special Reports by the publishing digital/print industry have historically come to be in the size of just approximately 10 pages on the titled topic with books obviously being more. My aim within the design of the Kyle Phoenix Special Reports is to expand the informational content each Special Report contain and create a substantial addendum to each Special Report of thousands of pages---included and linked to. First I do that by the inclusion of informational Add Ins. The purpose of the Add Ins is one, the wide expanse of men these Reports go out to in paperback and digital form not always being at the same resource levels in life but striving for growth. This allows for a multi-faceted product that provides a deeper engagement on multiple issues than just the titled work; two, the edification of men of color who may come across them; and thirdly, to precipitate and encourage discussion within the individual, within friendships, relationships or small groups of men around good, useful, accurate information. Lastly, it also allows the Special Reports to be available in a wider venue of online and offline locations where men can find them. In the print and digital editions you will also find that I have included links to:

- o Over 100+ relationship, sexuality and financial online videos;
- o Hundreds of articles on sexuality, race, finances, relationship skills and strategies
- o Larger nonprofit,

governmental, entrepreneurial and financial institutions of use to the individual and the community; o Descriptions (and useful glossaries) on how to apply them into your life. o The Liberation List, an ever expanding linkage to books on cultural, sexuality, history and finances from a multi-cultural point of view. My aim being more useful, good, accurate value and content for your money and more uniquely that the items you buy, go through a metamorphism over time. Each products internal linkage system means that it is continuously connected to free updates through all of the other venues. Without affecting the industrys design and pricing structure I hope to take advantage of technology for the benefit of the community to deliver one product, that is essentially a hundred-in-one, thousands of pages accessible through one product, that keeps expanding (into more videos, more articles, more content) over time and that such a wealth of information gives, to many areas of your life, not simply the Special Reports titled focus, allowing it to become a continuous resource in your personal library for yourself and others.
