

The Secret Pony

Kirstys got a secret--a big, four-legged secret . . . When they moved out to the country after the divorce, Mom promised Kirsty a pony of her own. Then Lancelot practically drops in her lap, and Kirsty empties her money box to buy him. Hes skinny and starved and only half trained for riding. But hes hers, all hers, and Kirsty is overwhelmed with joy. Because of Lancelot, Kirsty finds a new friend, Faye, whose grandmother, Lucy, runs a pony farm. Because of their friendship, she finds a place to board her pony, and because she makes herself so useful around the place, she finds herself signed up for riding lessons as well. But what she cant seem to find are the words to tell her mother that the pony shell be riding is her own. Then Kirsty falls and finds herself in the hospital--and in hot water with her family and friends. First theres bickering and blame, then disappointment, and finally doom: Lancelot must go. But at the last moment, Kirsty finds the support she needs, and it comes from the most unexpected source.
